

**Death of Father Bernard Rey-Mermet,
spiritual advisor of the Swiss MCR-Vie Montante**

As recalled by a leader of the Swiss movement, Father Bernard was the perfect icon of the MCR-Vie Montante Internationale in each meeting and relationship with the brothers and sisters of Belgium, France, Italy, Luxembourg, Quebec and French-speaking Switzerland.

His intellectual, philosophical, sociological and theological qualities as an animator, spiritual advisor and preacher have permeated the parish communities. In his ministry, the elders, among others, occupied a special place in his priestly life but also with his community of Redemptorist fathers at the regional and international level.

With unforgettable memories of our oldest members, we join the Swiss movement in sending him a big thank you and wishing him a beautiful heavenly journey.
